TRANSFER GUIDELINES

Transfer requests are reviewed on a case-by-case situation and some of the requirements are: **1.** the Tenant has been living in their current rental accommodations for a minimum of twelve (12) consecutive months, **2.** the Tenant account must not be in arrears for a minimum of six (6) consecutive months, and **3.** the current rental accommodations must be in good and rentable condition, before request.

REASONS:

Under-housed / Over-housed

- Whether a Tenant is under-housed (*overcrowded*), when joined by additional family members (provided they are not foster children), or over-housed (*too much space*) based on the current family composition.
- The occupancy standards clearly outline that there should be no more than two (2) persons to a bedroom - no consideration will be made regarding the age of children sharing a bedroom, other than children of the opposite sex should not be required to share a bedroom.

Medical

- A request for alternate accommodations because of health/medical concerns must have medical documentation indicating the nature of the problem, the degree of its severity and how it has been aggravated by the present accommodation.
- Medical documentation must outline these details, giving clear evidence that the Tenant's condition has been adversely affected by the present accommodations.

Transportation

- Work related transportation difficulties must be present and only if the Tenant has demonstrated job stability; having the same employer for six (6) months and that the job-related transportation is either considered excessive or unavailable when required.
- All requests must have supporting documentation indicating the necessity for transferring to a specific location and that alternative means of transportation have been investigated.

Social Concerns

- Social concerns are not considered grounds for a transfer, except in severe or unusual cases.

Apartment/Size

- ONLY pertains to Tenants of 529 Leslie Avenue, 14 Regent Street, or 52 Walkover Street.
- Birth of a child, not of the same gender, since becoming a Tenant occurs. If the child is born before the twelve (12) consecutive months of tenancy, which is the requirement before a transfer can take place, the family will have to wait until such time to qualify for a transfer.

Low End Market (LEM)

- For Tenant households that no longer qualify for their current rental unit under subsidized rent, primarily due to exceeding the Household Income Limits (HILs) of the Housing Program Guidelines.
